f. I don't know how to find information on the internet.	1	2	3	4	5
g. I often feel lost while searching for information on the Internet.	1	2	3	4	5
h. I feel nervous when I search for information on the internet.	1	2	3	4	5

## SET OF QUESTIONS

i. When I have to find something online, it's hard for me to figure out how and where to start.	1	2	3	4	5
j. If I can't find the information I am looking for, I cancel or end my search.	1	2	3	4	5

**Below are some questions regarding the demographic issues.**

Q7 - Gender

*M / Ž*

Q8 - Age

*Please state your age \_\_\_\_\_ .*

Q9 - Country

*Where do you live: Slovenia / North Macedonia / Croatia.*

Q10 – Mother tongue

*Please state your mother tongue \_\_\_\_\_.*

Q11 – What languages, beside mother tongue, do you speak?

*Please state other languages \_\_\_\_\_.*

Q12 – What is your education?

- Unfinished primary school
- Finished primary school
- High school
- Faculty
- University
- Master's degree, doctorate

Q13 – Your job at school is:

Teacher / Roma assistant / Principal

## SET OF QUESTIONS

**This set of questions relates to the inclusion and use of digital technologies in the learning process.**

Q14 - Do you have access to the following devices at work:

- PC / laptop
- Tablet PC
- Smart phone
- Interactive whiteboard
- Projector
- Other digital tools
- None of the above

Q15 – What devices do you use in the teaching process?

- PC / laptop
- Tablet PC
- Smart phone
- Interactive whiteboard
- Projector
- Other digital tools
- None of the above

Q16 – How often do you use mentioned devices in the teaching process?

Never / monthly / weekly / daily

Q17 – To what extent you agree with the following claims? (1 – strongly disagree / 5 – strongly agree).

- Digital literacy is an integral part of the curriculum.
- Curricula encourage teachers to add elements to their education that develop digital skills.
- I have the opportunity to upgrade my digital literacy.
- Our institution has mechanisms that check the digital literacy of teachers.
- Our institution has staff to support teachers on digital literacy and digital skills issues.

Q18 – State how important the following elements of digital literacy and digital skills are to you. (1 = not important, 5 = very important)

- A clear definition of what digital literacy is and what digital skills is important
- Special training is needed for teachers and other researchers to learn how to best teach digital skills.
- Digital literacy must be an integral part of curricula.

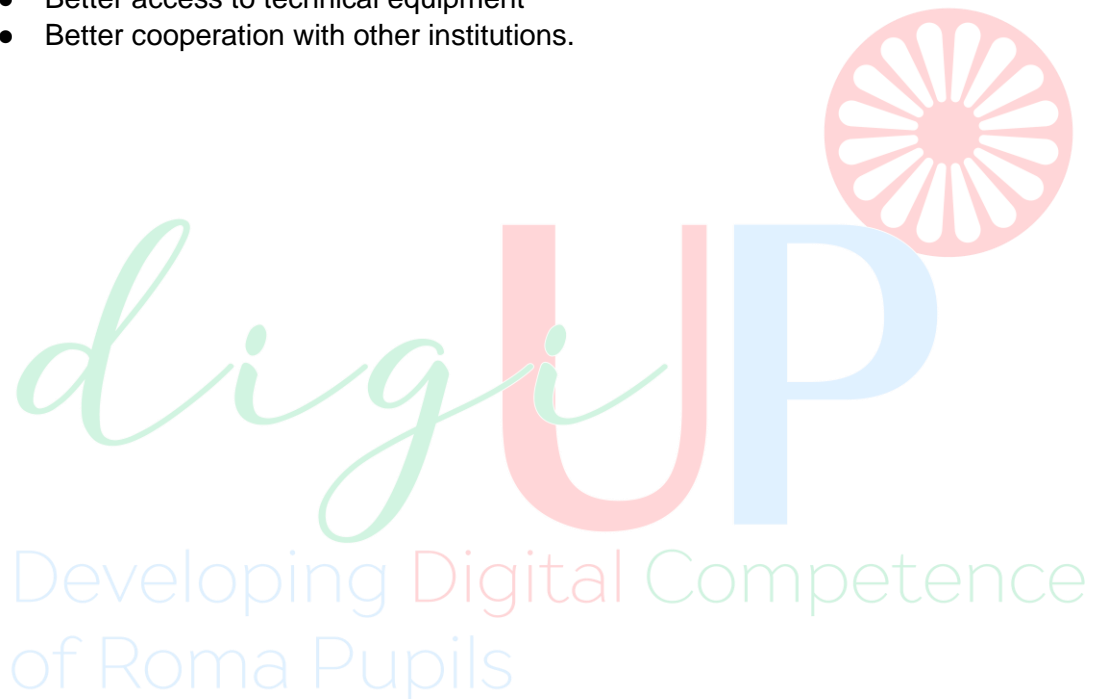

## SET OF QUESTIONS

Q19 – State the extent to which you agree with the following statements. (1 – strongly disagree / 5 – strongly agree).

- I think it is important for a teacher to learn how to use a computer.
- I think it is important to use more digital tools in the learning process.
- I think my teaching would be improved by using computers and digital tools.
- I think computers can make a lot of content more interesting for students.

Q20 – What do you think would contribute to the expansion of the use of digital tools in the learning process? (More answers are possible)

- More practical use of digital tools
- More training to use different software
- More time
- More technical support
- Better access to technical equipment
- Better cooperation with other institutions.

## SET OF QUESTIONS

**The next set of questions concerns the accessibility, digital literacy and digital skills of Roma students.**

Q21 - Do Roma children attending your school have access to the Internet?

Yes / No / I don't know

Q22 – Do you think that Roma children have enough knowledge (digital literacy and digital skills) to use digital technologies?

Yes / No / I don't know

Q23 – Do you think other (non-Roma) children have more knowledge to use digital technologies?

Yes / No / I don't know

Q24 – Identify the most common factors influencing the use of digital technologies by Roma students (1 - strongly disagree / 5 - strongly agree).

- Lack of time
- Lack of teacher support
- Lack of family support
- Lack of learning material
- Lack of education
- Disinterest
- Lack of teachers' knowledge
- Lack of students' knowledge
- Lack of students' skills
- Lack of teachers' skills
- Other socio-economic factors

Q25 - What is the key obstacle to the development of digital skills among Roma children?

- Lack of ICT equipment
- Lack of ICT skills
- Other (please explain your answer) \_\_\_\_\_.
